

Core Values

Knowledge without morality is a curse and an institution without an ethical and religious content is absurdity

As the conventional education system has been outdated due to tremendous explosion of technology, there is an urgent need to raise, upgrade and improve our system.

The Ryan Women's College gets started with the intention to prepare young girls to take on the world with confidence and also acquire skills that help them to become good homemakers in a safe environment. Women of today pose a big challenge in the world arena. At times they have outpaced men. It is therefore important that they are directed for constructive growth and well being of our future generations. No matter what they choose, home or career, they will be perfect woman from Ryan.

Vision

Our Vision is to provide the best of education in a joyful, nurturing and safe learning environment.

Mission

The mission of our institute is to provide students excellent quality education for their proper development . It will mould a creative, compassionate and enthusiastic generation to keep the nation on the path of development. We shall take a challenge to impart life skills in our students to enable them to cope up with the fast changing world of new techniques. Along with character formation and intellectual development, cultivation of heart also will be given due importance. " It is the heart which takes one to the highest plane which intellect can never reach".

Founder's Vision

BECAUSE WOMEN ARE THE BIGGEST FORCE OF CHANGE

The Ryan Womens College is run under the aegis of Ryan Foundation, an Educational and Charitable trust registered under the Indian Trust Act. The Ryan is born out of its urge for quality education and the founders strongly believe that the true success can be attained only by a value led life. The Ryan Women's College is a unique system of education that fosters academic excellence in an ideal campus environment.

Blessed with visionary leadership and a team of extremely motivated and dedicated professionals from the Kannur district, the college fills a huge gap in the education system by providing a unique blend of worldly and religious education, both direly needed by the future leaders.

Mr. Anis M.K

Principal and Managing Director
Ryan Group of Institutions

Founder's Vision

WELCOME TO THE RYAN WOMENS COLLEGE

At the outset, it's my honour and privilege to welcome to our new venture at Kannur. Amidst this pandemic situation, we see our vibrant boys and girls thriving to excel in their career and education. The pace of change in our times is tremendous. The frequency and effect of change are transforming our lives in general and livelihoods in particular. Even the top guns of the industry can't foresee the type of skills their business requires after a decade. If our children are to flourish in the future, educators today should lead the education system in radically different ways.

At Ryan, we encourage young women to chase their own dreams whichever the course, the university they opt for. The learning becomes an enjoyable experience. The curriculum is a quest to experiment and learn who they really are. Under the able leadership of our principal, Mr. Anis, the academic head has developed a wonderful harmonious blend of the best of east and the west.

Together let us transform our thinking from top to bottom. Let us invoke greatness in our daughters for the future that most of us may not be able to see. Let us prepare them for a brave new world. I thank you for everything you wish for your young girls. By raising up to it, we deliver quality education to each and every one.

Rashid Abid

Chairman
Ryan Foundation, India

Key Benefits of learning at RYAN WOMENS COLLEGE

Focus on Life and Career

To educate a women is to educate a generation. We fulfil dreams of young girls nurturing them with basic life skills, internships and practical know how.

Expertise Mentoringment

Our academic staff hold many years of experience. They enjoy superior skills, knowledge and passion for teaching hence motivating youngsters to tap their full potential.

Skill oriented Development

To educate a women is to educate a generation. We fulfil dreams of young girls nurturing them with basic life skills, internships and practical know how.

Tarbiyath Program&Deeniyath Studies

A three year program for college students from DeeniyatMaktab Mumbai to inculcate the love of Islam and knowledge and its practise amongst students as an early preparation to become a winner of here and hereafter. We mould young girls with wonderful and effective learning experiences in the light of Islam. The college appeal to the communities who want their children to be well educated in religiously and academic contexts.
